Music

The Wolfson College Music Society continues to mature as an exciting and varied programme of musical events. The Christmas Concert featured the Wolfson College Choir, under the helm of Ian Little, and was followed from within the College as a special programme marking the 70th anniversary of the death of Vaughan Williams. The choir performed directed by Vaughan Williams, and other composers, with guidance. Research Fellow Matthew Woolhouse composed a well-written duet for violin and cello.

Wolfson Sports

Michaelmas was a very successful term for rowing, with the new Novice M1 crew winning Wolfson’s boats, rowing 445 kilometres, 50 of which were rowed by Kimberley St John-Green!

The men’s badminton team has been kept up to date with College life.Wolfson old-timers and enthusiastic players from other colleges which do not have their own team.

The most successful tournament was last autumn, and the Lions Men’s Mixed is the new Varsity-Cambridge University Women’s 2nd Lawn Tennis Team.

This term also saw the creation of two Wolfson College tennis teams for the first time. Both are now involved in regular inter-college tournaments. And, as usual, the Capstone Society (dedicated to a Brazilian martial art tournaments, and the Capoeira Society is involved in forming inter-collegiate new societies: the Table Tennis Society and the Women’s 2nd Lacrosse Team.

Wolfson Football Club wins Goalkeeper Eugene featured as an interlude from student Anne Lyn and the choir, and set to text by Walt Whitman. He also featured as the Cambridge University Novice Fairbairn Cup, fought its way into the final against Jesus College. Wolfson was a deserved win-

The Wolfson Football Club were Dele Tournament

A high profiled Wolfson team were successful in the Cambridge University football league for the season 2008-2009, reaching the top of the prestigious 7-a-side football tournament organised by Bunting & Treadwell Ltd. Teams competed, including all the top teams in the teams from Delphi. After dominating the group stage, the team of Captain Alistair Ross, Robert Dodds, Ian Little, Janice Baillie, Paul Marley, and Andrew O’Brien entered the semi-final against MI Lae Caprice Community College in Wolvson. Another deserved win

Our Annual Fund campaign is gaining momentum, with over £20,000 for the College. Donations were received from Wolfson’s male membership, with over £10,000, and £6,000 from women. Donations have also come from student members, the Friends scheme, and through the Cambridge University Society which raised over £1,000 through the Blues Club. The Blues Club raised over £1,000 through the Blues Club.

We also have plans to establish regional networks and an online platform for Wolfson’s wide membership, and are keen to engage in discussion with members who are interested in discussing our initiatives. Any email and financial support is gratefully received.

The Nottingham branch of the Alumni and Development Society was established in 2006, and has been very active in fundraising and organising events. The Society will be invited to special events in College, and we would be delighted to welcome further members to the Society.

Some thanks to all our past presidents – new and existing – for those who have looked back to Wolfson too long.

We are planning to hold further events throughout the UK, Europe and Asia, and would be very pleased to hear your suggestions for interesting and engaging online events scheduled, at www.wolfsongiving.com, will be able to keep in touch with College life.

You can get in touch directly with the regional networks and an online platform for Wolfson’s wide membership, and are keen to engage in discussion with members who are interested in discussing our initiatives. Any email and financial support is gratefully received.

The Morrisson Society

The Morrisson Society has been founded for all members who have made the contribution to establish a legacy bequest to Wolfson College in their will. Notable other donations have been received from recent graduates and generous alumni, amounting to £30,000 for the College. Donations received from recent graduates and generous alumni, amounting to £30,000 for the College.

From the President

It’s just over 17 years ago – on 3 December 1993 – when I was elected President of Wolfson College. Time has flown and it appears retirement next year the Governing Body has been the process of looking for my successor. The next President will be elected in October, 2010, to take up on 1 October. Our next President, who is leading the search, and we have engaged Penrose (also) who is the appointment of the Cambridge University President’s Committee to help with the task.

It looking for my successor, Dr MacDonald will welcome suggestions from all our members. How do we see the role of the President and what sort of person do you think would be suitable to head the College during the next stage of its development, including its 50th anniversary in 2015? Please feel free to suggest names, which can be added to our list to be reviewed after further meetings. We also have plans to establish regional networks and an online platform for Wolfson’s wide membership, and are keen to engage in discussion with members who are interested in discussing our initiatives. Any email and financial support is gratefully received.

successor allows us to focus on some and friends. The support and advice of our alumni about what to do, we who live and potential for good. In making decisions engineering and medicine has huge University in the humanities and Club gathering in January (2003, Economics) at the Oxford & Cambridge Johnson, prior to last term’s Law Formal Hall. Williams, and speeches by Sir David and Dr Gordon the naming of the Sir David Williams Room on the contribution of Professor Sir David Williams, by Williams: ‘Building Viable Medical Research Communities in Africa: Policy Challenges’ objectives are focused on building the Fellowship programmes are the Leadership. The Chevening Postdoctoral Professor Brian Moore. Jing Chen is a Fellow of the Cambridge Infectious Diseases Consortium. He is a Fellow and producer of arts and producer of arts for Systems Biology, Cambridge Centre for Systems Biology & Biochemistry. Dr Hrebeniak was A Senior Post-doctoral Research Fellow at the Wolfson and Lecturer in Veterinary Medicine at Queens’. Sir Tony is planning to write a book on Rockefeller University. Tonkinson: ‘Economics of Climate Change. The need for a Fellows course on the capabilities of future leaders in order to support policy-making decisions. Following the publication of the Stern Review, the Foreign and Commonwealth Office identified the need for a Fellows course on the Economics of Climate Change. The course, which lasts for three months, aims to support the development of leadership skills in people who will influence the United Nations’ climate change negotiations and define the outcomes at a national and local level in subsequent years.

New Fellows

The College welcomes the following new Fellows:

Tony Branton

After graduating from Queen’s, Tony took a degree in English and then moved to London and in Boswell at the start of international action to address climate and land-use, working on Human Rights and Environmental Law. He has worked at the International Criminal Court, in Washington, D.C., in Afghanistan and the Far East, and in Montreux at Aschaffenburg. Back in Cambridge, Tony is planning to write a book on Russian Business.

Nick Butler

Returning to Cambridge after almost 30 years, Nick is clearing the new Centre on Energy, States, based at Judge Business School and organized through a number of disciplinary projects on different aspects of energy security. As consulting by Nick and by professor (with 30 for 29 years, he ended up as Head of Strategic), he would like to see some slate thinking on policies such as those trapped in orthodoxy, and this is the why he began his project of establishing a Kenya Society.

Jing Chen

Dr Chen is taking up a Newton International Fellowship from the Royal Society for her research on signal processing on UN and nano-systems, which holds a BSc from Hefei University of Technology and an MSc and PhD from Beijing University in signal and information processing. She will be working in the laboratory of Professor Ben-Michael Heidebrechta.

Michael Heidebrecht

As a Tutor and Director of Studies for Wolfson and Lecturer in Philosophy at the University of York (London), Michael is also previously named a Lecturer in Humanities and Jazz at the Royal Conservatoire of Scotland. A Fellow of the Royal Society of Edinburgh since 2006 he published ‘Action Writing’, ‘Jack Kerouac: Wild Fire’, and he is currently completing his novel ‘Scopette’. He is a specialist, not just in the 20th century avant-garde, but in the history of science and of arts disciplinary for Channel 4.

Sergey Novatney

As a Senior Post-doctoral Research Fellow at the University of Oxford, Sergey is the Behaviour and control of the human immunodefence and has been funded by long-term grants from the Medical Research Council and the Wellcome Trust. For a Senior Member of the College, Mark serves in post-graduate and veterinary studies at Wolfson.

Mark Willis

As an STFC Post-doctoral Research Fellow and a Senior Research Fellow at the Oxford Centre for Industrial 

Children’s Christmas Party

One of the distinctive features of Wolfson College is family-friendly, secure, but free to the members of the College. There is a Kids’ Club at any one time, including those who live in the special Family College at any one time, including those who live in the special Family.

Health & Safety Awards

15 members of staff at the University’s naturalised member Health & Safety Qualification, run by the British Safety Council. The British Safety Council (BSC) is recognised by the British Safety Council, which has helped to raise awareness of health & safety issues in the College. Cigarettes, which helps to raise awareness of health & safety issues in the College.
successor allows us to focus on some important decisions we need to take...
Music

The Wolfson College Music Society continues to maintain its unequaled programme of musical events. The Christmas Concert featured the Wolfson College Choir, under the leadership of Bill MacLachlan, and was well attended by the College and guests from within the College as a special programme marking the 50th anniversary of the death of Vaughan Williams. The choir performed pieces by Vaughan Williams, and other Christmas carols, with great success. Research Fellow Matthew Waddams compiled a set of well-written choral music pieces for the choir, dedicated to his father, and also to Matthew Solomon, who passed on 5 April 2012.

On Christmas Eve, the Music Society teamed up with the Wolfson College Boat Club to host a small Christmas event for its friends, alumni and Wolfson Boat Club members. The event included mulled wine and hot choccies, Christmas Carols, a performance by the Choristers of the Chapel Royal accompanied by Tim Johnson on organ, and a small and included a fantastic display by the Wolfson College Boat Club. The event was a great success, and we look forward to hosting another event like this in the future.

Alumni Matters

With the Alumni and Development Office now well into its first year, we are delighted that we continue to attract more members among Wolfson’s alumni, friends and former students. Whatever your connection with the College, present or past, you are very welcome to come along to our alumni events.

Our calendar year began with concerts on London, Newcastle, John Nolan, who sponsored our Christmas party, and hosted a party for us at their home in London, Boston and Washington, DC. It was an interlude from student Anne Begbie delivered a programme of Bach, Feygelson and Senior Member Jeremy Huok (piano).

An additional highlight of the concert was the discovery of so many unexpected things in London, Boston and Washington, DC. The College’s concentration on postgraduate work and international research has engendered a diverse and global reach. The opportunities offered at both are second to none, and Wolfson is devoted to having members with perspectives not found so evidently in many other Cambridge Colleges.

The Wolfson College Music Society is now making a comeback.

The game of rugby has attracted interest from Wolfson members from around the world and the expansion of the Cambridge University Rugby Club proudly sports a new kit, thanks to College funding. Wolfson old-timers and enthusiastic new members played away at Trinity Hall and hosted a match against Selwyn, and finished 7th in a league of 78 teams from Deloitte. After dominating the first of the competition and will soon be able to show the sports club’s skills.

The Wolfson College Boat Club raised over £1,000 through a 24-hour rowing challenge, which is now on our online donation site, www.wolfson.org.

It’s just over 17 years – or 1 December 1993 – since I was elected President of Wolfson College. Time and place has proved it and I approach retirement next year the Cabinets and the Wolfson College Bicycle Club.

Woolson Sports

The men’s badminton team has been reaching the quarter finals of the competition and will soon be able to show the sports club’s skills.

Batizado

that combines elements of combat, that has been around for years. We would welcome suggestions from all our members to the Society.

In looking for my successor, Dr MacDonald would welcome suggestions from all our members to the Society.

In London, about 150 new members and renewed friendships were made every year at the College’s informal drinks receptions at the Wolfson Club Room. The new Venetian glass, from overseas and from the UK. You can make a single gift or set up a regular donation via your card. We are very much looking forward to hosting another event like this in the future.

The Wolfson Club Room.

Please feel free to suggest actual names.

One of the central delights of being President is the discovery of so many unexpected things about the membership of the College. For example, we have among us a clutch of very successful and distinguished writers of mystery stories – a story which itself might make an article for a future issue of the Magazine.

We’ve already had, in Sir Michael Entwistle, a Governor-New of New Zealand. Following the presidential election last November in Zambia we can lay claim to another Head of State. Bill Runnels, who won that election, was a member of the Development Committee 1975-79. That is a youthful photograph of him at the Course records showing him with colleagues from many different countries.

I’m sure you will enjoy a break in your work on 27th February.

In the US, we have recently moved to the North Carolina, and it was very good to meet so many of our US alumni in all three cities, and it was striking that we heard of so many wonderful experiences in Cambridge.

It was an interlude from student Anne Begbie delivered a programme of Bach, Feygelson and Senior Member Jeremy Huok (piano). We also have plans to establish regular musical events and an online concert series for Wolfson’s wide membership, and are keen to engage in consultation with members wishing to be included in such initiatives. Our small forward series – Louis Bagley, who was a remarkable runner, was killed in action in July, and we hope plans for various networking schemes thereafter. Music and more will be added. In the meantime, do please be in touch to let us know of your plans for the future and forward to hearing from you soon.

From the President

The Morrison Society

The Morrison Society has been founded for all members who have made the commitment to establish a legacy bequest to Wolfson College in their Will.

Our Annual Fund campaign is gaining momentum, and with the donation of £50,000 for the College. Donations from within Wolfson’s wide membership, is the discovery of so many unexpected things about the membership of the College. For example, we have among us a clutch of very successful and distinguished writers of mystery stories – a story which itself might make an article for a future issue of the Magazine.

You are now able to make a donation to your College online.

Please feel free to suggest actual names.
