1. Accommodation at Wolfson College

There are 409 units of accommodation, mainly for single occupation but some for those with partners, accommodating 429 people in total. Additionally, there are five family flats, with two bedrooms each.

1.1 Prices – Accommodation and Bedding

Accommodation
The cost of renting a room at Wolfson College includes the following: electricity, gas, water, and consumables such as toilet paper. It does not include bedding (please see below). Housekeeping, Maintenance and Network access/wi-fi are provided across the whole site, not just the accommodation areas. The College also provides a basic level of insurance which may be extended at personal cost and is further explained in 1.4 and in Appendix D.

When comparing the room rents at Wolfson with alternative accommodation in Cambridge, please bear in mind what is included in the price. The cost of utilities such as gas and electricity is often extra in private accommodation and can be considerable. When comparing prices with other Cambridge colleges, computer network access is often charged as an extra. Wolfson does not charge a Kitchen Fixed Charge or a Minimum Meals Charge, which many colleges do and the free insurance cover is a valuable extra. The length of the termly licence (26 weeks) is also particularly favourable as it means that if you have no requirement to stay over the vacation, you do not need to pay.

As a student, you will not be liable to pay the local Cambridge City Council Tax but please note that non-student partners in College flats may need to.

There are seven main prices. All prices are per week, and are subject to annual increases:

| Price 1 | £113.75 | 70 units | Single study bedrooms with shared bathroom facilities (including small rooms in the houses) |
| Price 2 | £129.85 | 61 units | Small single study bedrooms with ensuite bathroom facilities (plus one room with shared facilities in Barton House) |
| Price 3 | £146.65 | 250 units | Standard single study bedrooms with ensuite bathroom facilities or a standard room forming part of a shared set (two study bedrooms sharing bathroom facilities and a kitchen) or standard single study bedrooms in the houses |
| Price 4 | £181.65 | 8 units | Self-contained single studio flats or large single study bedrooms in Barton House |
| Price 5 | £203.00 | 7 units | For couples, either double studio flats or large bedrooms in houses |
| Price 6 | £276.15 | 13 units | For couples, large self-contained double flats |
| Price 7 | £297.15 | 5 units | Two-bedroom flats with bathroom, kitchen and sitting/eating area. Only available to those with children. |

All rooms, whether ensuite or not, have their own washbasin with the exception of one room in Chadwick House and the shared sets, which share a washbasin.

Some rooms are suitable for students with particular physical needs: please contact the Accommodation Manager for further information.
**Bedding**

Bedding is not provided in Wolfson student accommodation. If you will not be bringing your own bedding, you can buy a bedding pack from the College to be in your room on arrival. Please select the appropriate option on the accommodation form when applying.

A bedding pack for a single bed costs £37.50 and consists of a duvet and duvet cover, two pillows with allergy free filling, two pillowcases and one sheet.

A bedding pack for a double bed (king size) costs £57.50 and consists of a duvet and duvet cover, four pillows with allergy free filling, four pillowcases and one sheet.

Please note that the prices quoted for bedding packs are subject to change subject to supply.

**1.2 Couples and Families**

The options for couples are:

- Price 5 large rooms in houses or double studio flats J21 or J22
- Price 6 large double flats in S or T and Flat PH4 in Plommer House.

These rooms all have king-size double beds.

In addition to the rooms above, but only where both residents are Wolfson students, the Price 3 shared sets in R and S Blocks may be combined to create a flat. In such cases, the College can move the two single beds into one bedroom to create a double bed, leaving the other bedroom as a separate study.

**Families**

There are five two-bedroom Family Flats which are suitable for an individual or couple plus one or two children. Only one partner needs to be a current Wolfson student. The price in 2020-21 is £297.15 per week. See section 6 of this Guide for further detail on this accommodation.

Please note that non-student partners in College flats may be liable for payment of Council Tax and it is the responsibility of the occupants to ensure any requirements are met.

The College does not provide cleaning in the family flats but a termly check is undertaken by arrangement.

**1.3 Termly licence versus period licence**

A termly licence gives residence for Full Term plus the preceding weekend and the Friday night at the end of term (plus an additional week in Easter Term). Outside of these dates, your room must be completely vacated.

**Dates of Full Term 2020-2021:**
- 6 October to 4 December 2020 (Michaelmas)
- 19 January to 19 March 2021 (Lent)
- 27 April to 18 June 2021 (Easter)

**Dates for Termly licences:**
- 3 October to 5 December 2020 (9 weeks)
- 16 January to 20 March 2021 (9 weeks)
- 24 April to 26 June 2021 (9 weeks)

The period licences run for either 9 months (until 30 June) or 12 months (25 September ‘21). PhD students (including MRes, CPGS, PhD Probationary) can only have a period licence while undergraduate and Masters students can have any type of licence. The five houses covered in section 2 of this Guide, the flats in J, S and T and the Family Flats are only available on a period licence. Period licences are not available in V block.

A termly licence is ideal for undergraduate (BA) courses and some Masters courses as it is just for the University term. The room must be completely vacated at the end of term as, during the vacation, it will be used by other guests and part-time students. There is storage available for returning students to leave belongings on site over the vacations. V block only allows termly licences while termly licences are not available in the five houses covered in section 2 of this Guide, the flats in J, S and T Blocks or the Family Flats.
If you have a termly licence, you are committed to paying for the entire term, and cannot end your licence mid-term. If you have a period licence, you can end your licence by giving one month’s notice.

Accommodation under any licence type is not available before 3 October unless you have a pre-sessional/orientation course, your academic course requires you to arrive earlier or exceptional travel arrangements necessitate an early arrival.

The dates of your course will help decide which type of licence is best for you – it is not usually possible to change the type of licence once issued so please ensure you understand the differences before choosing.

See Appendix B for examples of termly and period licences.

1.4 Insurance

The College recognises that many students do not have adequate insurance for their personal possessions. The College has therefore taken out an insurance policy on behalf of, and for the benefit of, those Wolfson students who rent a room in College. Details of the current policy are given in Appendix D, although this is subject to change. You should look at this carefully, and decide if the level of insurance cover is suitable for your needs as, upon additional payment, you have the option to increase the level of cover on, for example, your laptop, computer or bicycle. You do not have the option to opt out of the insurance as the basic insurance covers all rooms and is free of charge to all residents.

1.5 Internet access

Personal wireless routers are not allowed in College accommodation. The College provides excellent WiFi coverage throughout the whole site, and the use of personal wireless routers by individuals affects the use of the College WiFi network for their neighbours. The College reserves the right to remove personal wireless routers found in College accommodation.

1.6 Definitions

Floors
In the UK, the ground level rooms are referred to as being on the ground floor of a building and the next floor up is the ‘first floor’. A two-storey building will therefore have a ground floor and a first floor. No building in Wolfson has more than three storeys, i.e. ground floor, first floor and second floor.

Ensuite
An ensuite room is a bedroom with its own self-contained toilet and shower as a separate room.

Studio Flat and Flat
A studio flat has a bedroom, a kitchen and a bathroom whilst double flats have a separate study/living room.

1.7 Security

Keys, Doors and Windows
On arrival, you will be issued with a key to your room. This key will also operate the external door of the building in which your room is located. You should lock your door at all times – even when nearby in a kitchen or bathroom. Opportunist thieves operate in Cambridge just as in any city, and laptops, phones and tablets are particularly vulnerable to theft.

It is very important that you do not prop the entrance door to any building open – by doing so you would be compromising the security of the building as a whole. By keeping ground floor entrances locked, you are greatly reducing the chances of theft and enhancing your own personal security.
Windows in rooms on ground level should not be left open when the room is empty and should be closed upon leaving a room. All residents are advised to consider closing their windows when leaving their rooms in case of bad weather.

**Termly Licences**
If you have a termly licence, you must remove all your possessions, including your bedding, from your room and from your cupboard, fridge and freezer in your kitchen at the end of the term as your room will be occupied by someone else during the vacation.

**Gates and CCTV**
CCTV cameras are used throughout the College site for your security, and CCTV footage is monitored regularly by the Porters who have the overall responsibility for security in the College.

The gates at the Selwyn Gardens entrance are locked at night and at weekends and entry is by your University card.

**1.8 Fire Safety**

With a large population living in close proximity on a small site, there is always a real risk of fire. All residents must play their part in minimising this risk.

Here are some rules to which you must adhere:

- never leave cooking unattended in a kitchen
- do not use cooking equipment in your room
- do not leave heated hair devices (straighteners, curlers, tongs) unattended
- do not use unsafe or untested electrical equipment and do not overload electrical sockets
- you must only use adapters that meet UK specification and are fused (see below left)
- do not store combustible materials, including piles of paper
- do not use naked flames e.g. candles
- do not smoke in any room and do not disable, tamper with or cover up smoke or heat detectors
- do not leave items in corridors or stairways
- keep all fire doors closed at all times, especially kitchen doors (never wedge them open)
- do not tamper with fire safety equipment (extinguishers, fire blankets)
- please report anything that looks unsafe or hazardous to the Porters

*The correct adapter is on sale at the Porters’ Lodge for £4.00*

*Do not disable, tamper with or cover up smoke or heat detectors*

### 4.3 H, J, K, L staircases

This building is designed along the typical Cambridge model of ‘staircases’. Each letter is a separate staircase, which does not inter-connect with its neighbouring staircase. J staircase was fully refurbished in the summer of 2018. Each staircase in this building has two entrances, one facing inwards (West Court / Western Field), one facing outwards to the back of the College; and therefore half the rooms face inwards and half outwards. The layout for K and L staircases is the same, and H and J staircases are each different, as follows:

Unlike the older blocks C to P, which follow the traditional Cambridge ‘staircase’ model, the newer blocks R to V have horizontal corridors as well as vertical stairways, making it possible to walk through R, S, T and V Blocks without having to go outside.

The even-numbered rooms face inwards into the Western Field, and the odd-numbered rooms face outwards to the back of the College. There is a lift in R block.

An impressive octagon divides the ‘inner’ rooms from those towards the western boundary.

6. Family Flats

There are five family flats in the south-west corner of the College, as shown here:

Each flat comprises a large double bedroom, a small bedroom, a living/dining room, a kitchen and a bathroom. In the small bedroom you can have either a single bed or two bunk beds. There is a shared laundry room with washing machine and dryer and a garden with a children’s swing.

Flats 1 and 2 are on the ground floor, and flats 3 and 4 are on the first floor. Flat 5 is split over the two floors with the entrance hall and a study on the ground floor.

The rent for a family flat in 2020-21 is £297.15 per week. As the Family Flats are considered to be self-contained accommodation, cleaning is not provided by the College. A termly inspection to ensure the flat is being kept in good order will be carried out by the College.

Council Tax may be payable by any non-student residents; it is the responsibility of the occupants to pay this if necessary.

Termly licences are not available in the Family Flats – only period licences.
7. The Rules

Furniture & Furnishings
You may not bring your own furniture or curtains into your room. Furniture and curtains provided by the College cannot be removed from your room.

All rooms have curtains and are fully carpeted. Beds have mattresses and a mattress protector fitted. You may purchase a bedding pack (see Page 4) or bring your own bedding. There are self-service laundries with washing machines and tumble dryers. Crockery, cutlery, cooking utensils and towels are not provided by the College.

Please be aware that you should not attach items to the walls of your rooms. Furthermore, any damage caused by the use of tape or blu/white tack may result in a redecoration charge being applied. You should also note that no items (shoes, luggage, boxes etc.) are to be left outside rooms on landings and stairwells. These types of obstruction can impede evacuation in an emergency and corridors should remain clear at all times.

Heating
Central heating is provided in all College living areas from October (sometimes September) through to April (sometimes May). Please do not have the radiator on when your windows are open. Please turn your radiator down, or off, when you are away from your room.

Electrical items
Certain models of small table top fridges and freezers are allowed (see below) but other electrical appliances, such as electric fires, electric fan heaters, non-approved fridges, cookers, rice cookers, toasters, kettles, hobs and microwave ovens, electric fairy lights, humidifiers etc. are not allowed for safety reasons. If such items are found, they will be removed from your room by College Staff. The use of non-UK adapters is not permitted; these will be removed immediately by College staff and disposed of. The use of multiple sockets is only allowed for computers and computer-related items (such as a printer). All portable electrical appliances should have a current Portable Appliance Test (PAT) certificate which the student is required to provide. If you are in doubt about electrical loading, please check with the Clerk of Works first. To help Wolfson College’s sustainability, please remember to switch off all lights and unplug all chargers when not required and not to leave appliances in stand-by mode.

The College reserves the right to remove any electrical equipment or adapters from a resident’s room if they are considered unsafe. This is often necessary for electrical equipment from outside the UK which does not conform to UK safety standards or which may have different safety standards that will not work with our electrical systems. For example, if electrical equipment is not correctly wired, fused or earthed it may not comply with our legal safety obligations, and may be dangerous because of the incompatibility of the electrical safeguards. If in doubt, please check with the Clerk of Works.

‘Fridges/freezers in College accommodation
Any ‘fridge or freezer in College accommodation must be table-top type with dimensions of no more than 50cm tall, 50cm wide and 50cm depth. It must be sited on top of a table or desk (not on the floor) and within a tray of some kind to limit damage caused by leakage. It must also be sited to conform to specific manufacturer’s instructions.

Please note, for students on termly licences, bedrooms are used by other residents in vacations. The item should therefore be left clean and empty and will be at the owner’s risk. The College will not take responsibility for damage to or storage of such items.

By having a ‘fridge or freezer in their College bedroom, the student is agreeing that at the end of their residence, they will remove the item/s or arrange for it to be taken by another student. If any such item is left in vacated accommodation, a £25 charge per item will be made to cover disposal.
Cleaning
Residents are responsible for keeping their rooms and communal areas, especially kitchens, clean and tidy by washing up their dishes, making their beds and keeping cookers clean and free of food. Cleaning materials and equipment are provided free of charge and additional cleaning of shared areas within accommodation blocks and houses (kitchens, bathrooms, stairways) is provided by the College’s Housekeeping Team. Exceptional circumstances may mean that College services such as cleaning are withdrawn from residential areas for the safety of residents and staff.

Keys
You will receive one room key on arrival. There is a charge for providing a duplicate key if the original is lost.

Giving notice of vacating a room
Residents with a period licence must give a minimum of one month’s notice if they wish to vacate a room. Anyone with a period licence vacating a room without due notice (one month) will be charged.

If you have a termly licence, you are committed to paying for the entire term and cannot end your licence mid-term.

Vacating a room
When you vacate a room (including at the end of term if on a termly licence), you must clear it of all possessions and any rubbish. If you leave it in a state that requires Wolfson College staff to clear it, you will be charged an amount at the discretion of the Bursar.

Changing rooms
Normally a change of room is not permitted. If you have a special reason for wanting to move, you should speak to your Tutor.

Damage
Any damage to rooms will have to be paid for by the occupant(s). If damage to rooms or staircases is not traceable to individuals, costs may be charged equally among all residents on that staircase.

Cooking
Please note that cooking is only allowed in the designated kitchen for your room. Cooking in your room is not allowed. You should never leave cooking unattended. Please make sure to switch off cookers and kettles at the switch on the wall.

Smoking
Smoking is not permitted in any building in Wolfson College. Please refer to the Smoking Policy (Appendix C).

Candles etc
Please note that you are not permitted to use any lighted candles, joss sticks or other naked flames of any kind in the accommodation.

Guests
You are allowed occasional overnight guests. No guest can stay for more than three nights in any seven and you cannot have guests for more than ten nights in any month. For Fire Safety reasons, all overnight guests must be registered at the Porters’ Lodge.
Noise
Communal living brings with it responsibility. Students are expected to behave with consideration towards others, and not to create undue noise. This means being particularly careful not to disturb other residents by, for example, the playing of music or talking loudly in communal areas after 22:00. Music must not be audible in other students’ rooms.

Bicycles
You cannot keep a bicycle in your room. If you have a particularly valuable bicycle, which you would like to store securely, please ask the Porters. Please note that this also applies to folding bicycles.

Fire alarms and fire drills
You must always respond to a fire alarm by leaving the building and reporting to your designated fire assembly point the location of which will be set out on the back of the door into your room. There will be at least one fire drill in the course of the year, which is a legal requirement.

Tampering with Fire Safety equipment (such as extinguishers), fire detection equipment (such as by placing plastic covers over smoke/heat detector heads) contravenes the Fire Safety regulations. If you tamper with any of this equipment, the College may cancel your licence agreement and you will be removed from College accommodation.

Internet access
Personal wireless routers are not allowed in College accommodation. The College provides excellent WiFi coverage throughout the whole site, and the use of personal wireless routers by individuals affects the use of the College WiFi network for their neighbours. The College reserves the right to remove personal wireless routers found in College accommodation.

8. Green and Sustainable Issues
In past years Wolfson College has been making great strides in becoming a more Green and sustainable college. We rank high in the official Cambridge University Environmental Consulting Society (CUECS) Green League Table and have become a visible presence in the sustainability debate, both at College and University level. Each accommodation building has a Green Rep, who also acts as Fire and Safety Rep, who will help you find out more about our excellent recycling programme and sustainable ethos.

We invite as many of you as possible to get involved and become informed.

You can contact your Green Officer anytime at:
wcsa-greenofficer@wolfson.cam.ac.uk or visit www.wcsa.wolfson.cam.ac.uk/index.php/green

Recycling in your room
To help you recycle items from your room, a green bag-for-life is in every room/flat in College. You can use it to carry your recycling to the kitchen or it can be collected from your room once a week by the cleaner. Please note that these bags should never leave your accommodation building or be used for any other purpose. The bags remain the property of Wolfson College.

9. Accreditation Network UK
Under the terms of the Housing Act 2004, Wolfson College is required to be licensed either with an approved Code of Standards (typically UUK or ANUK/Unipol) or with the local authority. Wolfson is licensed with ANUK (Accreditation Network UK).

ANUK has overall responsibility for administering the Code of Practice. This includes: maintaining a list of all institutions signed up to the Code, and all buildings within those institutions covered by the Code; liaising with other bodies over areas where the Code is only applicable in parts; and periodically
reviewing the Code. This review will be undertaken by a standing committee representing relevant stakeholder groups, including University management, students and specialist professions (e.g. facilities managers, maintenance etc). In this task, they will take note of significant complaints made by students concerning non-observance, other breaches noted by internal or external audits, and reports from bodies such as the Office of the Independent Adjudicator. If necessary, the committee may undertake further investigation, and then issue remedial proposals. In extreme cases, the committee may decide that a higher educational institution is no longer compliant with the Code, at which stage responsibility may pass to an alternate body, such as the Local Authority, to impose changes.

In registering with the ANUK Code of Practice, the College undertakes that:

• all the accommodation registered with ANUK meets the standards and accords with the procedures set out in the Code;

• an appropriate complaints procedure is in place, integrated into normal College practices with a procedure for reporting back to ANUK on any significant complaints relating to the Code;

• auditors will consider the College’s management of its student accommodation in relation to the Code, advising HEFCE and ANUK as appropriate.

Appendix C: Smoking Policy

SMOKING POLICY

Introduction

Wolfson College aims to provide an environment which is safe, which minimises any risks to health and which makes adequate arrangements for the welfare of our employees, residents, students and visitors whilst they are at Wolfson College.

Those who smoke endanger not only themselves but also others who do not smoke, through passive smoking. Passive smoking - breathing in other people's tobacco smoke - has been shown to cause lung cancer and heart disease in non-smokers, as well as many other illnesses and minor conditions. Inhaling other people's tobacco smoke is both a health hazard and a welfare issue. In addition, smoking can constitute a fire risk.

Wolfson College has adopted the following policy concerning smoking within the College and its grounds. This policy sets out how we intend to manage smoking within our environment.

Scope of this policy

This policy applies to all employees, residents, Fellows, students and visitors regardless of seniority, and whether or not their environment is shared with others.

Aims of this policy

This policy seeks to guarantee to non-smokers the right to air that is free of tobacco smoke, while also taking account of the needs of those who do smoke.

Legal background

The following pieces of legislation apply to this policy:

- The Health Act 2006 and the Smoke-free (Premises and Enforcement) Regulations 2006
- The Prohibition of Smoking in Certain Premises (Scotland) Regulations 2006
- The Smoke Free Premises etc. (Wales) Regulations 2007.

In addition, employers have a common law duty to provide a safe place and system of work under the Health and Safety at Work etc. Act 1974 (HASAWA).

Definitions

Section 1 of the Health Act 2006 defines smoking as “smoking tobacco or anything which contains tobacco, or smoking any other substance” and states that “smoking includes being in possession of lit tobacco or of anything lit which contains tobacco, or being in possession of any other lit substance in a form in which it could be smoked”.

“Enclosed” means premises that have a ceiling or roof, and (excluding doors, windows and passageways) are wholly enclosed whether permanently or temporarily. Tents and marquees are therefore included.

Areas where smoking is prohibited

Smoking is prohibited in any enclosed area on our premises. This includes the Porters’ Lodge and entrances, corridors, stairs and lifts, meeting rooms, rest rooms and toilets, as well as outside areas that are not designated as smoking areas.
Areas where smoking is allowed

Designated external smoking areas are provided as follows:

1) The smoking shelter at the back of R/S blocks
2) The graveled area at the rear of Fuchs House (where the benches are located, not against the wall of the house)
3) The graveled area by the railings between Front Court and the Sundial Garden, to the right of the Jack King Building (this ‘smoking area’ is not to be used by employees and workers)

In many organisations and businesses, those who smoke do so just outside the entrances and exits to the premises. We believe that this does not present a professional image. Employees and workers are therefore not permitted to smoke in the following areas: in front of the main entrance, around the back gate on Selwyn Gardens or at the designated smoking area located on the graveled area by the railings between Front Court and the Sundial Garden, to the right of the Jack King Building.

Those who need to smoke may do so within the designated areas. Employees are only permitted to smoke during any recognised rest period or lunch break. Employees who smoke will not be allowed longer or more frequent breaks than their non-smoking colleagues and use of the smoking areas is not to interfere with normal job performance.

Smoking areas will be kept clean and those using these areas are expected to keep them tidy and to dispose of any rubbish appropriately. Receptacles are provided for the disposal of cigarette ends and other waste smoking materials. There are two litter/ash bins located at the entrances to College on the main driveway and just inside Selwyn Gardens gate and one located between the rear of the Gym and W Block. These bins are for smokers to stub out their cigarettes on their way into College. The locations of these particular bins are not to be considered as designated smoking areas. There are litter/ash bins located at the three ‘Areas where smoking is allowed’, as detailed above. Cigarettes, cigars and pipes must be extinguished using the receptacles provided and smokers should ensure that there is no risk of fire. These areas will be monitored to ensure an acceptable standard of cleanliness and adherence to safety.

Visitors, contractors and temporary staff

Visitors, customers, suppliers, contractors and temporary staff are expected to comply with this policy. Employees and Students meeting visitors from outside the College, or responsible for temporary staff or contractors, are required politely to explain our policy and to ensure such people comply with it.

Assistance to those who smoke

We recognise that passive smoking adversely affects the health of everyone. Whilst smoking is a personal choice we are concerned where people smoke and the effect that smoking in these locations has on non-smokers.

However, it is recognised that this policy will impact on smokers' lives and that some smokers may wish to reduce or give up smoking, but may have difficulty in doing so. Some details of where to obtain advice and guidance on giving up smoking are listed below:

Quit line: 0800 002 200

NHS smoking helpline: 0800 169 0 169 and from their website: http://www.gosmokefree.co.uk

Electronic cigarettes

Electronic cigarettes (‘e-cigarettes’) are battery-powered products that use heat to release a visible vapour that contains liquid nicotine that is inhaled by the user. They are designed to replicate smoking behaviour without the use of tobacco, and some look very similar to conventional cigarettes. However, the use of these would not be classed as “smoking” according to the legal definition of this.

Whilst e-cigarettes may help some smokers to give up, guidance from the British Medical Association states that there is a lack of evidence about the health risks that they pose to the individual using them and those in close proximity. Additionally, we are concerned that electronic cigarettes may create the impression that smoking is accepted within the
workplace, and we also have concerns that it is difficult to differentiate visually between e-cigarettes and normal cigarettes at a distance.

The use of electronic cigarettes is also banned within our premises. To allow those who choose to use e-cigarettes in an area free from those smoking ‘regular’ cigarettes, we have designated an area adjacent to the Lee Hall as a ‘vaping’ area. This ‘vaping’ area is not to be used by those smoking ‘regular’ cigarettes.

**Enforcement of this policy**

Smoking in an area other than those designated as a smoking area will be regarded as general misconduct and will be dealt with in accordance with the College’s disciplinary procedures.

**Implementation, monitoring and review of this policy**

The Health & Safety Committee has overall responsibility for implementing and monitoring this policy, which will be reviewed on a regular basis following its implementation (at least annually) and additionally whenever there are relevant changes in legislation or to our working practices. Employees will be consulted about any proposed changes via the Staff Communication & Consultation Committee, and adequate notice given of these.
