**Make Heart Bunting**

1. Take a strip of paper e.g. 70cm wide (from a roll of wrapping paper) and 7cm high. Fold the strip of paper in two

2. Fold that in two

3. And again so that you have eight sections per half

4. Refold (if necessary) so that the paper is folded over just once (as in step one) and the rest of the folds form a zigzag

5. Now compress the zigzag and draw half a heart on it. Make sure that it touches the fold. DO NOT cut here

6. Cut this out and unfold. Make further cuts to decorate:
