Getting started with finding resources

The Library webpages
- Go to https://www.wolfson.cam.ac.uk/library
- Click on ‘In this section’ and explore ‘Using the Library’ and its subpages
- Go back to the Library homepage

Reading Lists Online
- Link from the homepage to Reading Lists Online or go direct to http://readinglists.lib.cam.ac.uk/
- Click on the menu icon and go to ‘Find Lists’
- Find at least one list on your course or on a similar subject (if your lists aren’t on there), and click on the title
- Toggle between views and experiment with filters e.g. tags and types
- Find a book on your list and click on the title. This will tell you if it is available online, in a library or both

iDiscover – the Library catalogue
- Click on iDiscover https://idiscover.lib.cam.ac.uk/
- Login with your Raven username and password
- Search for a book you have seen on your reading list by using the ‘Advanced Search’ option next to the search box; enter author and title. Limit your search to Wolfson College
  - Do we have a copy?
  - Is an ebook available?
- Or look up an article on your reading list/do a keyword search using the ‘Articles and online resources’ radio button
- If you can’t find a book in Wolfson Library, try a keyword search for something that you are interested in and use the limit to Wolfson College Library again
- Identify the shelf mark and go and find it upstairs.
